I Respectfully Dissent

This summer's publication of "I Respectfully Dissent: A Biography of Edward H. Nakamura" has reinvigorated interest in the life, values, and vision of this associate justice of the Hawaii Supreme Court (1980-1989). It is a tribute long overdue. Come hear from those who were moved and influenced by the Justice and his extraordinary work.

We invite all who knew Justice Nakamura professionally or personally, as well as those who wish to learn about Justice Nakamura's quest for social justice.
